Call for Session Proposals

The Society of Tennessee Archivists will hold its 2020 annual meeting virtually via Zoom on November 19. The Society invites session proposals touching on the 2020 theme inspired by the 100<sup>th</sup> anniversary of woman's suffrage: ***It's Your Right! Archives and Documenting Dissent***. This year's theme focuses on how and why archives document political and social movements.

Topics covered may include:

- Challenges reconciling with gaps or silences in collections*
- Implementing inclusive description practices*
- Insights into documenting contemporary movements through born-digital records*

Other topics will be considered. Call is open to members and non-members, but preference will be given to STA members. Students are especially encouraged to submit session proposals. Sessions will be 45 minutes to 1 hour, including a question & answer portion. Sessions will be presented live on Zoom, and recorded for future posting on the Society's YouTube channel.

**Submission guidelines:** Please include the presentation title, an abstract (up to 250 words), your name, institutional affiliation, and contact information (email and phone number). If submitting a panel, then include the names and contact information of each panel participant.
